

CMSC 143: Introduction to Object-Oriented Programming with Robots

Lab 0: Introduction to the Course

Due January 27, 2010

Getting to Know the Class

- Read the syllabus.
- Complete the pre-semester survey.
- Enroll on moodle (enrollment key: **mobileS10**).
- Visit the myro wiki¹, specifically the myro reference manual².

Getting to Know Your Robot

Submit your lab report (a PDF named `cmsc143_lab0_YOURNAME.pdf`) on moodle answering the following questions:

1. What COM port did you use to connect to your robot (keep in mind this will change often)?
2. What is the name of your robot (after you named it)?
3. What is the version of the fluke firmware?
4. What is your robot's battery voltage?
